

Wireless Infrastructure Industry Newsletter

We Empower Property Owners, Government Agencies,
Corporations, & Non-Profits to Maximize
Their Revenue from Wireless Infrastructure Leases.

How Will 5G Affect Cell Towers And Cell Tower Leases.

, one of the more frequent questions we receive is whether 5G will impact towers or make them obsolete. Out of 10 clients, 7 of them ask us this question. Perhaps the others are thinking of it and have failed to ask. What do we tell them? Well, there is a short answer and a long answer.

To read both answers, click below to download the "How Will 5G Affect Cell Towers?" Whitepaper by Steel In The Air.
